September - Peta Christen

Classes/Tests Offered: Riders can submit up to one video of each test (Test of Choice) of any CADORA, EC, FEI or WSDAC level per horse per month, including Freestyles.

EC Introductory through to Fourth Level tests: www.equestrian.ca/sport/dressage/tests

FEI Level tests: <http://inside.fei.org/fei/your-role/organisers/dressage/tests>

CADORA tests: <http://www.cadora.ca/dressage-tests/>

Western-Style Dressage tests: <http://www.westernstyledressage.ca/rules-tests-1.html>

Judging and Scoring: The tests will be judged and scored on standard test sheets, complete with comments.

Results: Score sheets will be scanned and emailed to all participants the following week. Early submissions may be scored prior to the deadline. Monthly test results will not be recorded. Your video, scores and test sheet comments will not be posted publicly by Dressage Niagara (via social media or on our website); however, you're welcome to share your results and tests on social media.

How to Record Your Video: You do not need a special camera to record videos. A cell phone video will work!

Step 1. Using a phone (in landscape view) or video camera, have a helper video your ride from the letter C (outside of the ring), in an outdoor arena or a short grass field during the daytime (for best results, the camera should not be facing into the sun) OR, in an indoor or covered arena if the lighting is good (the better the lighting conditions, the easier it is for the judge to score your test). Make sure the sound is turned ON.

Step 2. Without stopping the video, speak into the camera stating your name and your horse's name, the division, level and test you are riding as well as the date, then continue without editing (no stopping and starting) into the riding arena. This may also be done by the videographer or the test reader. If riding in an indoor arena or a restricted space, you do not need to enter the arena at A; the entrance may be done within the riding arena space with a simple turn at A.

Step 3. As soon as the test is finished, allow the horse to exit the arena on a long rein, then end the video.

Step 4. Upload your video to YouTube and submit your email entry as outlined above. An email is sufficient as an entry; no official entry form is required, but the above info is required (see step 2).

Part 2: The Challenge

How to Enter the Ride-A-Test Virtual Challenge: at the end of the season, members can submit their best 3 test sheets to info@dressageniagara.com; the average of all 3 tests will determine High Point Champion, awarded by Level and Division (Jr or Sr).

Each rider submitting a challenge entry will receive a prize from Dressage Niagara.

- For EC Levels - Test 1, 2, & 3 must be submitted, per level.
- For WSDAC or CADORA – any 3 different tests per level, but one test must be the highest test for that level (E.g., Test "D"). *Exception:* For the Prix Caprilli, only 2 tests need to be submitted.
- FEI levels – will be awarded by Division (Jr, Sr, Pony, etc.), any 3 tests to be submitted.

The Freestyle Video Challenge: a separate High Point Champion award will be given to the highest percentage test of an individual rider per division (Jr or Sr). Pas de Deux and Quadrille tests may not be submitted. Freestyle music must be audible on video.

The TIP Ride-A-Test Challenge: separate High Point Champion awards will be given to Thoroughbred Incentive Program registered horses. Entries must include their TIP number with their challenge submission.

Requirements:

- A minimum score of 50% per test is required.
- Test sheets must be signed or initialed by the judge, approved scribe, or Dressage Niagara executive.
- Submissions must include scores from more than one judge. *Exception:* the Freestyle Challenge only requires one test from one judge.
- Champions will be decided by total scores and if scores are tied, the award will be given to the competitor with the higher Collective Marks.
- You must be a Dressage Niagara member before June 30th, 2021, and in good standing; volunteer hours will not be required for 2021.

- You must participate in 3 out of 4 Ride-A-Test Clinics; there are no minimum number of tests per clinic.
- Challenge entries must be received **by 11:59 pm October 15th, 2021.**

Rules to Keep in Mind

1. Have fun. The Ride-A-Test clinics and Year-End Challenge are to help you gauge how your training is coming along and discover areas that require work.
2. All videos must be ridden in the month submitted. Example: June clinic entries must be ridden in June.
3. All tests do not require a standard 20- x 60-meter space; however, the riding area should be well marked with cones, poles, schooling fences or another type of marker, and letters should be visible on the video with respect to the movements that the horse is performing. Example: EC Introductory and Training Level test should have the letters A.K.E.H.C.M.B.F well marked; EC First Level and higher tests should also include the letters R.S.V.P. Corners should be visible; the arena or riding area does not have to be enclosed. If you are unsure if your riding space would be suitable, please contact us.
4. Videos of tests must be one continuous filming, unedited from start to finish. The camera can either follow the rider/horse or be stationary. Do not zoom into the horse/rider since the arena markers need to be visible during the test.
5. If the judge determines that the horse appears lame, the judge has the right to excuse the ride and not continue scoring. Judge will make notes on the score sheet indicating their observations.
6. Horses and riders are required to abide by standard equipment rules for dressage as outlined by Equestrian Canada or the Western Style Dressage Association of Canada. You acknowledge that, by submitting your entry, you agree to abide by standard rules of fair play and for the welfare of the horse.
7. You must wear an ASTM/SEI-approved helmet.
8. Violation of any of these rules may result in the refusal to accept the entry or a non-refundable scratch.
